@aerospaceapac

WELCOME MESSAGE

Tan Sri Asmat Kamaluddin
Chairman, Borneo Business Connect Sdn Bhd

Distinguished guests, industry leaders, and valued partners,

Welcome to the Asia Pacific Aerospace Conference and Exhibition (APACE) 2026.

Your presence here matters. Aerospace is an industry built not by events or policies alone, but the collective decisions, expertise, and commitment of those who design, regulate, invest, operate, and educate. Without the active participation of industry leaders, innovators, and practitioners such as yourselves, progress in aerospace simply does not occur. APACE 2026 begins with that recognition.

The aerospace and aviation sector is entering a decisive phase, shaped by rapid technological advancement, rising air demand, sustainability imperatives, and the convergence of aviation, space and digital capabilities. In this environment, competitiveness will belong to regions that plan deliberately, invest in talent, and build cohesive ecosystems linking industry, government, and education. Sarawak's aerospace and aviation initiatives are being advanced within this strategic context, and APACE 2026 serves as a focal platform where long-term planning meets industry expertise, global perspectives, and meaningful collaboration.

For industry participants, APACE 2026 is an opportunity to influence direction, identify partnerships, and contribute to the shaping of an aerospace ecosystem that is still being defined. The exchanges that take place here will help determine how Sarawak and the wider region participate in the next chapter of aerospace growth.

From long and direct experience, I offer this perspective with conviction; aerospace advances only when industry leads with clarity, talent is developed with intent, and partnerships are built on trust and shared purpose. Platforms such as APACE 2026 matter because they convene decision-makers, practitioners, and policymakers at a moment where alignment is essential, and when outcomes must extend beyond dialogue into sustained action.

On behalf of Borneo Business Connect, I extend my sincere welcome to all conference delegates, exhibitors, trade visitors, and partners. I encourage you to engage fully, share your perspectives openly and approach this gathering as contributors to an industry that continues to shape economies, security, connectivity and technological progress.

I wish you a productive and meaningful APACE 2026.

WELCOME MESSAGE

Nadzeem Abdul Rahman,
Executive Director, Borneo Business Connect Sdn Bhd

Esteemed participants and honoured guests,

Selamat datang and welcome to the inaugural Asia Pacific Aerospace Conference and Exhibition (APACE) 2026, convening from the 27th to 29th of January 2026 at the Borneo Convention Centre, Kuching, Sarawak.

APACE 2026 is not merely a new addition to the global aerospace calendar. It is a strategic statement of intent. For Sarawak, hosting this inaugural conference and exhibition represents a deliberate and forward-looking move to position the state as an emerging centre of excellence for aerospace, aviation, space-related technologies, and advanced industries within Southeast Asia. With its strong foundation in education, talent development, digital infrastructure, and sustainable industrial planning, Sarawak is uniquely placed to support the next phase of aerospace growth in the region.

Anchored by the theme "Navigating the Future of Aerospace: Innovation, Sustainability and Growth", APACE 2026 has been conceived in direct response to the strategic challenges and opportunities shaping the global aerospace landscape. From rapid technological advancement and supply chain resilience to workforce preparedness and sustainability commitments, the industry is at a critical inflection point. APACE 2026 provides a purposeful forum for government, industry, and academia to converge, fostering dialogue, enabling collaboration, and driving outcomes that will influence the sector well beyond the duration of the event.

We are deeply honoured that APACE 2026 is hosted by the Ministry of Education, Innovation & Talent Development Sarawak (MEITD), with strong support from the Ministry of Transport Sarawak (MOTS), Economic Planning Unit Sarawak (EPU), Ministry of International Trade, Industry and Investment (MINTRED), the Malaysia Space Agency (MYSA) under MOSTI, the Sarawak Multimedia Authority (SMA) and Sarawak Digital Economy Corporation (SDEC). Their collective involvement reflects a unified, whole-of-government commitment to advancing Sarawak's aerospace ambitions.

We are equally proud to be supported by our strategic partners, i-CATS University College, CENTEXS, the National Aerospace Industry Corporation (NAICO) Malaysia, Malaysia Aerospace Industry Association (MAIA) and Business and General Aviation Association of Malaysia (BAGAM), whose roles across industry development, skills training and sector representation ensure that APACE 2026 remains grounded in practical industry needs and future workforce requirements.

In addition to the inaugural exhibition, APACE 2026 will host one of the largest aerospace conferences in Sarawak, welcoming over 700 delegates, featuring high-level forums and plenary sessions centred on four strategic pillars: the Future of Aerotropolis, Aerospace and the Digital Economy, Sustainable Aviation and Green Technology, and Talent Development for Aerospace Excellence.

As Organisers, we recognise that credibility is built through consistency, trust, and outcomes. APACE 2026 has been developed with these principles at its core, to serve the industry with purpose, to support Sarawak's long-term aspirations, and to contribute meaningfully to the aerospace ecosystem of the Asia Pacific.

The APACE 2026 Show Insights publication serves as your comprehensive guide to the event, providing essential information to help you navigate the programme, exhibition floor, and key engagements throughout the event. Should you require any assistance or further information, our team is ready to support you.

I extend my sincerest appreciation to all speakers, exhibitors, partners, delegates, and stakeholders for your participation and confidence in APACE 2026. Your engagement is integral to the success of this inaugural edition, and to the future it seeks to shape.

We look forward to welcoming you to Kuching and to an impactful APACE 2026.

CONFERENCE PROGRAMME

DAY 1: 27 JANUARY 2026 (TUESDAY)

TIME	PROGRAMME
0800H	**Registration & Morning Coffee**
0915H	**Welcoming Remarks by APACE 2026 Organising Chairman** *Speaker:* *The Honourable Dato Sri Roland Sagah Wee Inn* *Minister for Education, Innovation and Talent Development (MEITD) Sarawak*
0930H	**Plenary 1: Overview of the Southeast Asia Aerospace Industry and Opportunities** The Southeast Asia aerospace industry is experiencing renewed growth, driven by increasing regional air travel demand, expanding manufacturing and MRO capabilities, and rising interest in sustainable aviation and space-related technologies. While challenges such as supply chain constraints, regulatory complexity, and talent shortages persist, the region presents significant opportunities for investment, innovation, and cross-border collaboration. This session provides an overview of the Southeast Asia aerospace landscape, highlighting key market trends, growth drivers, and emerging opportunities shaping the industry's future. *Speaker: Penny Burt, President, Boeing Southeast Asia*
1000H	**Expert Insights: Regional Aerospace Growth in Asia Pacific** Asia Pacific is emerging as a key driver of aerospace growth, fueled by rising air travel demand, fleet expansion, and increased investment in aviation and space technology. The region is also advancing innovation in satellite systems, sustainable aviation, and urban air mobility, positioning itself as a global hub for aerospace development. *Speakers:* *1. Donald Chew, Managing Director, APAC, Astranis Space Technologies* *2. Ganendra Selvaraj, Chief Commercial Officer (CCO), MEASAT Satellite Systems Sdn Bhd* *3. David Jones, Managing Director, Malaysia Aerospace Industry Association (MAIA)*
1100H	**Tea Break**
1120H	**Plenary 2: Building a Future-Ready Aviation Ecosystem for Sarawak** Sarawak's strategic location in Asia Pacific positions it as a rising hub for aviation and space within ASEAN. With expanding infrastructure, regional connectivity, and focus on innovation, Sarawak is well-placed to support Asia Pacific's growing demand for aerospace development, sustainable aviation solutions, and emerging space technology initiatives. *Speaker: The Honourable Dato Sri Lee Kim Shin* *Minister for Transport Sarawak*

Updated as of 25 January 2026

CONFERENCE PROGRAMME

DAY 1: 27 JANUARY 2026 (TUESDAY)

TIME	PROGRAMME
1140H	**Plenary 3: Aerospace & the Digital Economy: Developing an Integrated Aerospace Ecosystem in APAC** Integrating aerospace with the digital economy is key to unlocking Asia Pacific's growth potential. By developing a connected aerospace ecosystem—spanning smart manufacturing, data-driven operations, and digital airspace management—the region can drive innovation, enhance efficiency, and position itself as a global leader in next-generation aviation and space technologies. *Speakers:* *1. Yasudha Sahi, Air Traffic Management / CNS Systems Lead, NACO International Aviation Consultancy* *2. Joeri Aulman, Region Manager, Netherlands Airport Consultants (NACO)*
1200H	**Networking Lunch**
1325H	**Plenary 4 – Transforming Aerospace: Technology, Talent and Trade for Growth** This session explores how Malaysia can accelerate its aerospace industry by leveraging cutting-edge technology, developing skilled talent, and fostering strategic trade partnerships, highlighting ways to build a competitive, innovation-driven ecosystem that positions the nation as a key player in the global aerospace sector. *Speaker:* Mohd Shahiman Sulaiman, Chief Executive Officer, Turkish Aerospace Malaysia
1345H	**Forum Discussion 1: A Unified Aerospace Vision – Policy, Safety, and Infrastructure for the 21st Century and Beyond** Advancing Asia Pacific's aerospace future requires harmonised policies on airspace regulation, safety protocols, and space governance. Regional collaboration—across governments, industry, and institutions—can strengthen infrastructure development, align standards for unmanned systems and space launches, and support sustainable aviation goals, creating a cohesive, secure, and innovation-driven aerospace ecosystem. *Panellists:* *1. Dr. Ali R. Ebadi, Adviser to the Board of Directors, MEASAT Satellite Systems Sdn Bhd* *2. Datin Shelina Razaly Wahi, Partner, Aviation & Aerospace, Abdullah Chan & Co* *3. Takehiro Nakamura, Director of Bangkok Office, Japan Aerospace Exploration Agency (JAXA)* *Moderator: Prof. Ir. Dr. Anton Adibroto, Faculty of Aerospace Engineering, i-CATS University College*

Updated as of 25 January 2026

CONFERENCE PROGRAMME

DAY 1: 27 JANUARY 2026 (TUESDAY)

TIME	PROGRAMME
1500H	**APACE 2026 Opening Ceremony**
	1500H Arrival of VIPs and Distinguished Guests
	1530H Arrival of the Guest of Honor **The Right Honourable** **Datuk Patinggi Tan Sri (Dr) Abang Haji Abdul Rahman Zohari bin Tun Datuk Abang Haji Openg** *Premier of Sarawak*
	1535H National Anthem Sarawak State Anthem Doa Recitation
	1545H ***Welcoming Remarks by*** **General Tan Sri Dato' Sri Affendi Buang RMAF (Retired)** *Advisor, Representing the Chairman of Borneo Business Connect Sdn Bhd*
	1620H ***Keynote Address*** ***Sarawak's Ascent: Shaping The Future of Aerospace in Asia Pacific by*** **The Right Honourable** **Datuk Patinggi Tan Sri (Dr) Abang Haji Abdul Rahman Zohari bin Tun Datuk Abang Haji Openg** *Premier of Sarawak*
	1630H APACE 2026 Launching Gimmick MOUs Exchanges
	End of Opening Ceremony
1600H	**End of Day 1**

Updated as of 25 January 2026

CONFERENCE PROGRAMME

DAY 2: 28 JANUARY 2026 (WEDNESDAY)

TIME	PROGRAMME
1100H	**Forum Discussion 2: Aerotropolis: Design & Development of Airports** The new Kuching Airport Aerotropolis will be a driver for Sarawak's economic growth. This panel will touch on Aerotropolis development at airports in Malaysia, particularly the KLIA Aeropolis. Further, the panel will contextualise the Aerotropolis development to Sarawak and give a platform to important Sarawak stakeholders that will voice the interests of potential anchor clients for the new Kuching Airport Aerotropolis clusters 'MRO & Aerospace', 'Cargo City' and 'Hospitality cluster'. The panelists will discuss current and future needs of their particular businesses and how they foresee the new Kuching Airport Aerotropolis can contribute to their growth and Sarawak's economy at large. *Panellists:* *1. Vijaykumar Dayinde, Chief Information Officer, Malaysia Airports Holdings Berhad* *2. Timothy Ong, CEO, InvestSarawak Sdn Bhd* *Moderator: Mr. Joeri Aulman, Region Manager, NACO*
1200H	**Networking Lunch**
1320H	**Plenary 8: Airbus strategic partnerships for the development of Malaysia's aerospace industry and ecosystem** This session highlights Airbus's pivotal contribution to the development of Malaysia's aerospace ecosystem, celebrating 45 years of partnership and 25 years of industrial collaboration. It focuses on how this partnership has driven significant economic impact through extensive industrial partnerships and the creation of over 5,000 direct and indirect jobs for the nation. *Speaker: Burhanudin Noordin Ali, Airbus Chief Representative for Malaysia, Airbus*
1340H	**Forum Discussion 3: Resilient Airports: Preparing for Future Shocks** Resilient airports are essential for withstanding future shocks, including pandemics, terrorism, climate change, and cyber risks. By integrating adaptive design, smart systems, and proactive risk management, airports can ensure continuous operations, safeguard passengers, and remain agile in an increasingly uncertain global environment. *Panellists:* *1. Eric Liu, Founder & Chief Executive Officer, TwinMatrix Technologies* *2. Ahmad Rashide Bin Mustapah, Head of Business Development, General Manager, Fleet Asset, Weststar Aviation Services Sdn Bhd* *3. YBhg. Dato Ir. Ts. Sudarnoto Osman, Chief Executive Officer, Sarawak Digital Economy Corporation (SDEC)* *Moderator: Ir. Norhizam Bin Hamzah, Principal Research Fellow, Faculty of*

Updated as of 25 January 2026

CONFERENCE PROGRAMME

DAY 2: 28 JANUARY 2026 (WEDNESDAY)

TIME	PROGRAMME
0830H	**Registration**
0930H	**Plenary 5: Sarawak State Potential for the Development of Space Activities in Malaysia and the ASEAN Countries** The strategic advantages of Sarawak's location, economic growth, and political stability for the development of Malaysia's space sector are thoroughly examined. Russia's extensive expertise in space missions and its strong international partnerships position it well to support Sarawak's development efforts, fostering socio-economic progress and elevating Malaysia's standing in both the regional and global space arenas. *Speaker: Vitaly Safonov, Deputy Director General, Glavkosmos JSC*
0950H	**Plenary 6: How IoT and Satellite Constellations are Shaping The Future** IoT and satellite constellations are driving global connectivity by enabling real-time data transmission across remote and underserved regions. This synergy supports applications in agriculture, logistics, environmental monitoring, and smart cities, fostering a more connected and data-driven global ecosystem. *Speaker: Laurence Lagriffoul, Business Representative Asia, Novaspace*
1010H	**Plenary 7: Connecting Malaysia to the Global Aerospace Economy** This session explores how Malaysia can strengthen its position in the global aerospace economy by enhancing industry capabilities, fostering innovation, attracting investment, and building strategic partnerships—unlocking opportunities in manufacturing, MRO, aviation services, and high-value aerospace technologies. *Speaker: Ts. Dr. Shamsul Kamar Abu Samah, Chief Executive Officer, National Aerospace Industry Corporation Malaysia (NAICO Malaysia)*
1030H	**Tea Break**

Updated as of 25 January 2026

CONFERENCE PROGRAMME

DAY 2: 28 JANUARY 2026 (WEDNESDAY)

TIME	PROGRAMME
1440H	**Forum Discussion 4: Building the Aerospace Start-up Ecosystem** Developing a local space start-up ecosystem in Sarawak begins with creating a supportive environment driven by enabling policies, government incentives, strong academic–industry collaboration, and access to funding and market opportunities. This foundation empowers entrepreneurs to innovate in areas such as satellite technologies, space-enabled services, and data applications, positioning Sarawak as an emerging contributor to regional growth and global competitiveness. *Panellists:* *1. YBhg. Dato' Gs. Haji Azlikamil Bin Napiah, Director General, Malaysian Space Agency (MYSA)* *2. Mohd Shahiman Sulaiman, Chief Executive Officer, Turkish Aerospace Malaysia* *3. Anthony Ng Mun Sun, Chief Executive Officer, MIT Academy Sdn Bhd (Malaysian Institute of Technology Academy)* *Moderator: Kamarul Bahrin Haron, Senior Associate, Malaysian Industry-Government Group for High Technology (MIGHT)*
1550H	**Forum Discussion 5 - Aerospace Workforce of the Future** The airport workforce of the future will blend human expertise with advanced technology. With a focus on digital literacy, cross-functional skills, and adaptability, employees will play a key role in managing smart systems, ensuring safety, and delivering seamless, tech-enabled passenger experiences. *Panellists:* *1. Amrul Zeflin Anim, Director, PwC Malaysia* *2. Dr. Dayang Hanani Abang Ibrahim, Chief Academic Officer for Aerospace, Digital and Green Energy Academy, Centre for Technology Excellence for SARAWAK (CENTEXS)* *3. YBhg. Prof Dato' Ir. Ts. Dr. Mohamad Bin Dali Isa, Professor, Faculty of Aerospace Engineering, i-CATS University College* *4. Kumar Menon, Regional Vice President Sales, Embraer Commercial Aviation* *Moderator: Hallman Bin Haji Sabri, Executive Director, Sarawak Skills*
1700H	**End of Day 2**

Updated as of 25 January 2026

CONFERENCE PROGRAMME

DAY 3: 29 JANUARY 2026 (THURSDAY)

TIME	PROGRAMME
0830H	**Registration & Morning Coffee**
0930H	**Fireside Chat – Future Sarawak Airport** The future of airports focuses on integrating advanced infrastructure, digital technologies, and sustainable practices to create efficient airport-linked urban hubs. With smart mobility, green logistics, and mixed-use development, airports will become key drivers of trade, investment, and innovation in the Asia Pacific region. *Panellists:* *1. Dayang Nurhayati binti Abang Ahmad, Head of Aviation, Ministry of Transport (MOTS) Sarawak* *Moderator: Kamarul Bahrin Haron, Senior Associate, Malaysian Industry-Government Group for High Technology (MIGHT)*
1015H	**Forum Discussion 6 - Strength Through Collaboration: Building a Connected ASEAN Space Ecosystem** Southeast Asia is entering a new era in the space economy, driven by emerging private companies, increasing government interest, and rising demand for space-enabled services. While capabilities across the region are growing, fragmentation and gaps persist. This session brings together leaders from Malaysia, Thailand, and Brunei—along with a Malaysian government representative—to explore how collaboration can unlock opportunities, accelerate progress, and strengthen ASEAN's presence in the global space sector. *Panellists:* *1. Dr. Norilmi Amilia Binti Ismail, Chief Executive Officer, SpaceIn Sdn Bhd, (Malaysia)* *2. Dr. Parinya Anantachaisilp, Chief Executive Officer, EOS Orbit (Thailand)* *3. Siti Nur Aazzah Abd Aziz, Founder/Managing Director, SPI BN Sdn Bhd (Brunei)* *4. Abdul Qaiyum Bin Alidin, Deputy Dean, Faculty of Aerospace Engineering i-CATS University College (Malaysia)* *Moderator: Kamarul Bahrin Haron, Senior Associates, Malaysian Industry-Government Group for High Technology (MIGHT)*

AVAILABLE FACILITIES AND SERVICES PROVIDED DURING THE EVENT

For the convenience of all patrons, the following facilities & services are provided during APACE 2026:

ORGANISERS' OFFICE
The Organisers' Office located at Organiser Room and it is operational throughout APACE 2026.

FIRST AID ROOM
The First Aid Room is located at Loading Bay, Level 2.

CAR PARKS
Car park bays are available within the vicinity as well as the surrounding areas of BCCK

FOODS AND BEVERAGES
Food and beverages available at Raintree Restaurant.

EXHIBITOR ZONE
All Exhibitors will be required to register at the Exhibitors' Zone located at Concourse A Foyer, BCCK, where they will also be able to collect their badges.

VIP LOUNGE
Only VIPs are entitled to use this facility located at A131 Booth Powered by MAHB

MUSLIM PRAYER ROOM
Muslim Prayer Room is located at Level 1A and Level 3.

VISITORS' REGISTRATION COUNTERS
Visitors' Registration stations will be operational at Concourse A Foyer, BCCK.

- **For Pre-Registered Visitor**
  Pre-Registered Visitors are to present their 'pre-reg' verification code at the Pre-Registration stations.
- **For Walk-In Visitors**
  Walk-In Visitors (who are eligible) are required to fill up the 'On-Site Registration' form & proceed to the On-Site Registration kiosk.

SECURITY
The entire Borneo Convention Centre Kuching is a highly secure area monitored by 24-hour surveillance.

ADMISSION RULES
1. Open to trade vistors and registered guest only.
2. Proof of a valid entrance pass (event badge) is required at the entrance.
3. Dress code: Working uniforms / business attire.
4. General public & minors below 18 years old will not be allowed admission.
5. Students from higher learning institutions are invited but prior approval must be sought from the Organiser.
6. Please be aware that the Organiser reserves the right not to permit entry to any individual organisation or group at their discretion.

EXHIBITION BUILD-UP AND TEARDOWN SCHEDULE

D1 BUILD UP DAYS (25 – 26 JANUARY 2026)

Description	Date	Time
Floor Marking and Rigging Works by Official Contractors	25 January 2026	0800 - 2200
Non-Official Contractors Move-In and Build-Up	25 January 2026 26 January 2026	0900 - 2200 0900 - 2100
Exhibitors Registration / Pass Collection	26 January 2026	0900 - 1800
Exhibitors Move-In (Walk-on-Package booth preparation)	26 January 2026	0900 - 1800

***Notes:**

- Non-official contractors can collect their working pass from 25th January 2026 at contractor service counter.
- Build-up on 26th January 2026 will end at 2100 hours for preparation of final hall cleaning and sanitization.
- It is advisable for heavy and large exhibits to be moved in early on 25th January 2026 this is to ensure it gets to the intended position without disrupting other neighbouring booths.
- The build-up period permitted by the venue (BCCK) is 12 hrs block from 0900hrs to 2100hrs.
- Should Exhibitors require additional time to finish works other that the permissible time schedule, extension working hours charges/cost will be imposed based on the hourly rental of the hall, which can be very costly. Therefore, exhibitors are advised to strictly adhere to the time/schedule given.

D2 SHOW DAYS (27 – 29 JANUARY 2026)

Description	Date	Time
Opening Hours for Exhibitors Only (Exhibition Hall & Registration Counter)	27 January 2026 28 January 2026 29 January 2026	0800 - 1800 0800 - 1800 0800 - 2200
Opening Hours for Visitors	27 January 2026 28 January 2026 29 January 2026	0900 - 1700 0900 - 1700 0900 - 1600

D3 MOVE-OUT (29 – 30 JANUARY 2026)

Description	Date	Time
Exhibitors Move-Out (Hand carry items ONLY)	29 January 2026	1700 - 2200
Dismantle of Booth Structure by Non-Official Contractors	30 January 2026	0800 - 1200

D4 NOTES

1. Exhibitors who build Special Design are advised to check with their appointed stand contractors on the date and time that their stands will be ready for moving in of exhibits.
2. No extension of working hour will be permitted. Individual stand fitting contractors must complete their work according to schedule. However, if they work beyond the schedule a hefty hourly charge will be imposed and deducted from the Performance Bond.
